Hi Ingrid,

I appreciate your response to the feedback and the different ways you have implemented/planned for the class. It gives me great pride knowing that our educators can reflect and adapt to whatever comes at them. You are an excellent teacher, and I am so glad we have you at our school.

I look forward to more wonderful music lessons for our children and areas where we can all improve.

Sincerely,

**CHRISTOPHER DUFFY**

Good morning Mr. Duffy,

Thank you! I appreciate your feedback for the day you observed me teach Music with Y02, and I understand the areas where I still have room to grow. I do feel the need to provide you with some additional context, specifically regarding managing student behavior.
